

Medical Technologies Business Matchmaking – Latin America

The U.S. Embassies and Consulates throughout Latin America invite qualified distributors, buyers, and partners to meet with U.S. healthcare manufacturers during this 4-day program.

Participants will create a profile in our online matchmaking portal, telling us about your company and your clients, and the types of products in which you are most interested. Starting in October, you will have the opportunity to schedule meetings with U.S. companies offering products, via the portal.

Best buyers and distributors prospects would be in following categories:

- Healthcare products and services
- Healthcare consumables
- Healthcare technology and data solutions
- Pharmaceutical and diagnostic

Registered U.S. Companies include:

- AirGuard Health
- American TelePhysicians
- Applied Science
- Global Products LLC
- Hemostat Labs
- Iatric Systems, Inc.
- Lumiquick Diagnostics Inc.
- MedEZ
- Novodiex, Inc.
- Perry Baromedical Corporation
- RingMD USA, Inc.
- Stason Pharmaceuticals
- The Magni Group

When: Oct. 18-21, 2022, with daily sessions from 10:00AM to 3:00PM EDT

Where: Virtual

Cost: \$0 for Latin American buyers/distributors

Program Benefits:

Learn about U.S. Healthcare products and meet with U.S. company representatives from the comfort of your office.
